

Ultra-Drain Seal[®] Clear Model

Transparent Drain Protection Allows Responders
to See Spills Are Being Stopped

**NEW
PRODUCT**

YOU CAN **SEE** THE
DIFFERENCE WITH
THE NEW
**ULTRA-DRAIN SEAL,
CLEAR MODEL**

Features & Benefits:

- Clear material provides unobstructed view of covered drains - enables responders to make sure a complete seal is made.
- No more guesswork about Drain Seal effectiveness - quickly see if spills are entering the drain through cracks in the surface, imperfections in the grating or other irregularities that can break the seal.
- Reinforcing mesh is "sandwiched" between layers of polyurethane - increases durability and resistance to tearing.
- Unique, urethane construction allows the pad to deform and seal off most drains - temporarily "seals" to any smooth surface.
- **Helps comply with SPCC and NPDES**
