

Solutions beyond your expectations

**INDUSTRIAL ODORGONE ODOR CONTROL**...is an environmentally responsible, stand-alone, “Eco-Degradable” odor neutralizer. INDUSTRIAL ODORGONE is specifically formulated for emergency odor neutralization and daily odor control throughout the waste industry. INDUSTRIAL ODORGONE will neutralize the unlimited variety of noisome that result in community complaints and hostile neighbors. INDUSTRIAL ODORGONE will replace the hazardous chemical masking agents and perfume fragrant products available today.

INDUSTRIAL ODORGONE is a proprietary, one of a kind odor neutralizer of non-toxic, eco-degradable” botanical extracts, blended in America, all having a long history of safety in use. The result of the process is a water base compound that features a semi-rigid, concave molecular structure giving INDUSTRIAL ODORGONE the unique ability to capture and hold malodor such as mercaptans, amines and sulphides. We prefer the term "Eco-Degradable" rather than the more restrictive term biodegradable. The reason is the degradation of INDUSTRIAL ODORGONE can go on even without a living organism. INDUSTRIAL ODORGONE has built into the molecules weak points, making them eco-degradable, such that they are destroyed naturally after performing their task, leaving your environment completely odor free.

INDUSTRIAL ODORGONE will eliminate unwanted airborne, static, or imbedded odors almost instantly. With multi-purpose applications, INDUSTRIAL ODORGONE can be atomized, sprayed, squirted, sponged, mopped or poured to reach and neutralize the odor at its source. INDUSTRIAL ODORGONE contains no enzymes, alcohols, perfume fragrances or chemical masking agents. INDUSTRIAL ODORGONE’s natural signature scent is derived from a proprietary blend of botanicals or plant extracts that will neutralize along with the unwanted odor. As we like to say...Bring your environment “Back to Natural” so environmental responsibility is not a question.

# INDUSTRIAL ODORGONE

## Product Description

Environmentally Responsible, Industrial Strength Odor Neutralizer for the Waste Industry.

Specially developed for Atomizing Systems, Scrubbers and Topical applications. Eliminates Airborne, Static and Embedded odors.

## Features

Non-toxic, eco-degradable, bio-degradable, water soluble, dilutable, natural ingredients, neutral pH.

No olfactory desensitizing chemicals, masking agents, scents or perfume fragrances.

No enzymes, live bacteria, microbes, alcohol, propellants, VOC's or hazardous chemical ingredients.

Concentrated for convenience, Industrial OdorGone is a highly dilutable, non-clogging formulation.

Safe to handle, safe to ship, safe to store, and carries no spill or respiratory warnings.

## Applications

Used Worldwide at Waste Water Treatment Plants, Pump Stations, Press Rooms, Transfer Stations, Landfills, Recycling and Compost Facilities, Medical Marijuana Producers.

## Unique technology

Bonds with odor molecules to create a natural biodegradation process that permanently neutralizes odors leaving your environment completely odor free or as we like to say, "Back to natural!"

Uniquely formulated for atomizing systems and scrubbers to maintain peak performance and long life.

Keeps nozzles clean and clog resistant, and pump internals clean and running smooth.

Continually neutralizes an infinite variety of noisome odors at the highest dilution rates.

## Testing / Methods

99.6% Hydrogen Sulfide (H<sub>2</sub>S) removal efficiency using test methods; USEPA 1,2,3,4,11 and ASTM E-679 Complies with; Boeing D6-7127 Revision L, ASM 1550 B, and USDA classification - C1. Complies with Health Canada's Standards for use in Medical Marijuana Odor Control.

## User Benefits

Immediately eliminates an unlimited variety of industrial malodors, and within a few minutes the natural scent of Industrial OdorGone also disappears, leaving the environment odor free.

Safe for use outdoors and indoors. Safe around people, pets, and great for the environment.

Industrial OdorGone is not a cover-up fragrance; it leaves the environment fresh, clean and natural.

Can be atomized, sprayed, mopped, sponged, poured or squirted where needed.

Safe for use in high-pressure systems, turbo fans, drum top foggers, misters, pump sprayers and ventilation.

Replaces caustics and chlorine, and eliminates the hazards of handling, storage and corrosion.

Safe on vegetation, painted and unpainted surfaces, concrete, cinderblock, brick, stucco, hardwood, tile, woodwork, plastic, vinyl, tedlar, rubber, fabric, upholstery, leather, naugahyde, carpet and more.

## Bonus

Can be added to power washers, cleaning solutions, and holding tanks.

## Summary

There are many odor control products available that claim to be the answer, but most contain hazardous chemicals with questionable health risks or warnings when used. In the end they just turn out to be spurious irritating cover ups, nauseating perfumes or expensive fruity fragrances that soon wear off.

Today's consumers are extremely health conscious and demand safe, environmentally friendly products capable of handling the infinite variety of noisome odors that invade their quality of life.

Industrial OdorGone is an environmentally friendly odor neutralizer that maintains the highest standards and supports your reputation for environmentally responsible solutions that exceed all expectations.
