

Solutions beyond your expectations

Commercial Dilution Ratios

Carpet Shampoo: Add OdorGone 4oz to half (1/2) gallon of carpet shampoo.

Cement Floors: Mix 25% OdorGone to 75% water, in a garden sprayer. Keeping floor wet do several applications (up to 5) and let dry completely. Repeat if needed.

Compressed Air Sprayers: Dilute 1 part of OdorGone with 100 parts of water.

Cool Mist Humidifiers: Add 4oz OdorGone to one (1) gallon of water.

Floor Wash: Add 4oz of OdorGone to 4 gallons mop water.

Floor Strippers & Mastics: Add 8 oz of OdorGone to one (1) gallon.

Laundry: Add 4 oz of OdorGone to commercial or home washer.

Paint: Add 4 oz to one (1) gallon of latex paint.

Plastics: Trash containers, Diaper pails, Litter boxes, etc., lightly spray entire container with OdorGone.

Smoking Rooms: Thoroughly spray room (furniture, draperies, etc.) with OdorGone. Spray A/C systems filter with OdorGone.

Vent Systems: Spray full strength into vent system in the return duct.

A/C units: Spray and spread onto filter.
